Juan Pérez

Software engineer

ABOUT ME

Detail-oriented web developer with 3+ years of experience specializing in frontend, backend development, and database management. Experienced with all stages of the development cycle for dynamic web projects. Strong background in code architecture and generating value for users.

WORK EXPERIENCE

Full Stack Developer

GCF Foundation,
10/30/2021–Present
In my role, I lead team projects ensuring quality and timely delivery. I manage software deployments to production, ensuring smooth operations, and handle sysadmin tasks focused on system optimization and security. Alongside these responsibilities, I continue to design, develop, and test software, supporting both the foundation's needs and our user community, while collaborating closely with other technical teams.

Frontend Developer

Industrial university of Santander,
15/04/2021– 10/29/2021
Conduct the analysis, design, development, documentation, research, and testing of software for the development of the functionalities required in the project to renovate the administrative information systems of the Industrial University of Santander.

Web Developer

Iotec solutions,
01/02/2020 – 03/31/2021
Web developer, responsible for carrying out assigned development tasks tailored to the client's needs, be it frontend, backend, or database work. Also responsible for logging work hours, as well as supporting tasks within the company or in subcontracting projects.

LANGUAGES

Spanish: Native

English: Advanced (Fluent in conversation, reading, and writing)

CERTIFICATIONS

Angular course
PLatzi, 08/17/2020

EDUCATION

Bachelor of electronic engineering
2011-2017
Autonoma University of cauca

SKILLS

Throughout my developer career, I've consistently prioritized clean coding, always aiming for optimal software quality. I pride myself on my ability to devise innovative solutions that deliver genuine user value. Coupled with my strong soft skills, I excel at proposing effective, user-centric solutions and collaborating seamlessly within a team.
